

Strikk **Bærestykke Del 1**, **Bærestykke Del 2 - Poten** og **Bærestykke Del 3** for bærestykket (husk eventuelt å skifte pinnestørrelse) og fell som vist i diagrammet.

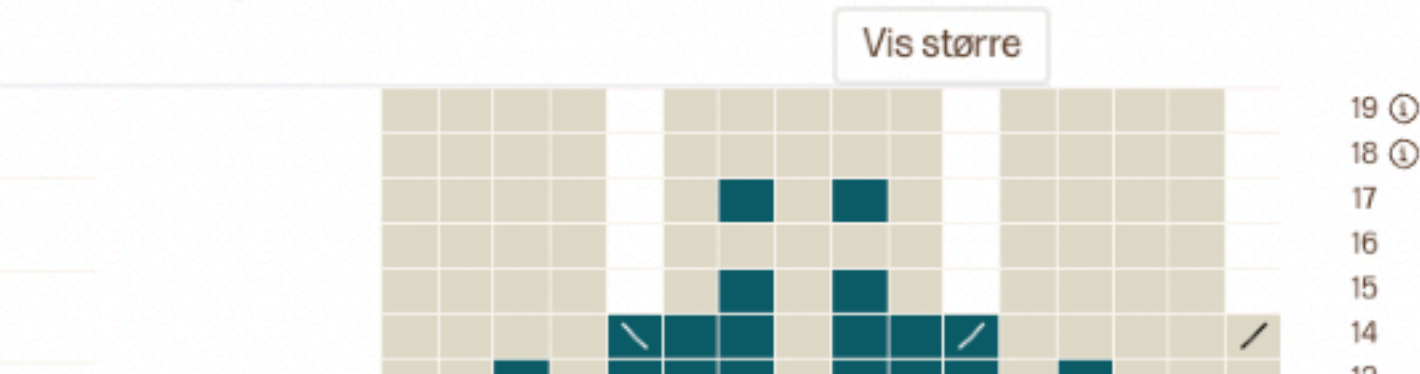

Tips:

For at trådene på innsiden av genseren ikke skal bli for lange (bak labbene) kan det være lurt å tvinne trådene med jevne mellomrom mens du strikker.
